Goostrey Parish Council

Proposed Village Improvement Plan Questionnaire

Purpose: To obtain feedback from villagers on their views on what they want to see in the village for the future.

Preamble: The Parish Council (PC) considers that there is potential for environmental improvements to various areas in the village. Such improvements are likely to include mainly soft landscaping improvements with the possibility of minor hard landscaping improvements.

The capital costs of any such works together with at least the first three years of routine maintenance by a contractor appointed by the Parish Council are expected to be met by from existing financial reserves held by the PC. The PC intends to develop a prioritised programme of improvement works. Any decision by the PC to proceed with a programme of works is dependent on the outcome of this consultation with residents.

Please complete one or more sections in this questionnaire and return to the Parish Council Office at the Village Hall
