

### **HIGHWAYS LIAISON MEETING**

The regular meetings between representatives from the Parish Council and the local Highways Officer continue to take place, the latest of these was on 5<sup>th</sup> April. Items of note included confirmation that work to reinstate road markings at the Cross Lane/Bomish Lane junction had been due to be completed on 29<sup>th</sup> March, unfortunately heavy rain meant that this would need to be rescheduled. Following a recent accident at the junction, this has again been referred to the Road Safety Team at Cheshire East Council who have agreed that, in addition to the road markings, letters will be sent to land owners asking them to trim back hedges to improve visibility and that remedial measures to improve road safety will be considered.

It was also confirmed that the Construction Team is looking at what work may be required at Shearbrook Bridge. The lengthy road closure here earlier in the year was due to emergency work conducted by United Utilities and was unconnected to the issue with the embankment.

You can keep up to date with current and upcoming planned roadworks, road closures or other traffic disruptions on the Cheshire East Council website at <https://www.cheshireeast.gov.uk/highways-and-roads/roadworks-and-travel-disruption>. The Parish Council will post any information relating to road closures on its website.
